<p>My son is 19 &amp; attends a Christian university &amp; just completed his 1st yr. He has been w/his girlfriend for a yr. They are both strong Christians &amp; are on fire for God. He wants to drop out of school &amp; get married. I believe it because of them wanting to consummate the relationship. They think love will carry them &amp; it will be easy. She also has alot of health issues that they can't afford it. They are not \$\$\$ stable at all.</p>	<p>Nancy H</p>
